## **WALK ON STRONSAY FOR MACMILLAN THIS SPRING**

Walk for Macmillan this Spring and every mile you walk and every pound you raise will help people affected by cancer to take back control of their lives. Is anyone on Stronsay interested in walks of various distances for differing abilities? If so please contact Sheena Cooper on 616306.

See web page <https://www.macmillan.org.uk/about-us/your-walk.html>

---

## **THE 'EXERCISE ON PRESCRIPTION' SCHEME.**

This scheme is available to any Stronsay resident who has a medical condition that would be improved by exercise (i.e. obesity, diabetes, heart disease, hypertension, etc). If you are interested please see the GP or one of the community nurses. It is free so there are only so many places at a time, you really must be committed to the programme.

---

## **PLASTIC BOTTLE RECYCLING ON STRONSAY**

There appears to be concern over there no longer being a facility to recycle plastic bottles. An enquiry has been made into this and the following reply has been received from OIC:

*".....in February 2016 the three compartmental mini recycling skip was replaced in error and marked to receive plastic bottles, paper and cans for recycling. This has subsequently been replaced with a skip for glass bottles and jars, paper and cans (as originally assigned)..."*

*The Waste Services team would like to apologise for any confusion this error may have caused within the Community."*

## **LIMPET EMAIL LIST**

To receive the Limpet emails you must first "sign up" by going to the link on the Limpet webpage <http://stronsaylimpet.co.uk/MailList.html> and you must respond to the email asking for confirmation which you will receive very soon afterwards

There are quite a few folk who have signed up but have failed to respond to the confirmatory email - if that's you then please check your "junk" or "spam" email folder because that is where email software often sends the confirmatory email.

The next edition of the [Limpet](#) will be published on **Thu 28 Apr**. Items for inclusion in that edition should be submitted by 7pm on **Sun 24 Apr**. Contact details on back page

## **LATEST BIRD SIGHTINGS**

With no really extreme weather – other than the rain – the second half of the Winter has now almost passed by relatively un-noticed and as a result there have been no really unusual sightings of birds other than the Great Spotted Woodpecker in the centre of the island which has been around since August, regularly visiting our feeders at Castle and also at Millbank where John & Rona have seen it on several occasions. It is hard to imagine the bird staying around much longer with no proper woodland - in which the species nests - in sight!

One or two Chaffinches have over-wintered at Holin Cottage, and a Greenfinch has also been seen a few times at Castle, but by far the most noticeable species have been the birds of prey including Common Buzzard (not common here!), and 2-3 each of Hen Harrier, Merlin (see photo), and Sparrowhawk. A small number of Fieldfares and Redwings have been present, mainly around the Dale/Smiddy area, and a party of six or eight Coots were on the Waterworks Pond for 3-4 weeks in late Jan/Feb. Meadow Pipits began to appear in early February, but Shelduck arrived later this year – 7 arriving on the Bu Loch on 24th February by which time Oystercatchers had arrived in good numbers – at least a few hundred in total.

A Chiffchaff was seen by Sue at Linksquoy on 4th March – an early date – and several new Robins arrived at this time. Unusual sightings on 9th was a female Goshawk near the South School and a Common Buzzard near Gorie’s, the latter being seen on several occasions during late Winter.

Norman Kent - as usual! - saw the first Pied Wagtail of the year on 14th March, and David Hudson came across a Goldfinch - quite rare but becoming more common here - at Osen the same day. The first Goldcrest of the year was seen by Norman & Hazel near Hescombe on 17th March. More Pied wagtails arrived over the next few days along with a sprinkling of Redwings and Fieldfares, announcing that Spring really has arrived. For the time being!

The Great Spotted Woodpecker is once again in the Castle garden as I write – 22nd March.

Thanks for all the calls.

## **LETTER FROM SCHOOL PLACE**

March sadly saw the passing of composer Sir Peter Maxwell Davies, a resident of Sanday since the late 1990s. In November 2009, as a member of the Sanday Fiddle Club, I was privileged to take part (1<sup>st</sup> violin, 4<sup>th</sup> desk) in a celebratory concert and ceilidh at Glasgow's Old Fruitmarket for Max's 75<sup>th</sup> birthday, and to play in the recording of his *A Birthday Card for Prince Charles* for Classic FM. I can't say I exactly relished our reward of a free performance at the City Halls of his opera *Taverner*, but that is the thing about Max's music: some of it (putting on my "emperor's-new-clothes hat") can be a vexation to one's auditory faculties, while other of his compositions (like his Orkney pieces) are a delight to listen to. Either way, his music will not be forgotten. Max was a great advocate of the Sanday tie, which he could often be seen wearing in TV interviews, while conducting *The Proms*, and even at audiences with Her Majesty The Queen.

My eldest son, Wulfric kindly represented me at Max's funeral, as on the same day I was sitting on the interview panel for the new KGS head. We have appointed Donald Hawkins, who is currently Depute Head at Fraserburgh Academy. I have already made him aware of the importance of ensuring good communication with the parents of Isles' pupils at KGS and the necessity of appreciating the transport challenges we have to face in order to attend parents' meetings, for example. He has stated he intends to improve links between KGS and the Papdale Halls.

I have also been involved in the selection of a new head for North Walls School.

At the Licensing Sub-Committee meeting we reviewed our license fees. It is interesting to see the list of the things we require licenses for, for example: dog breeding, caravan sites, metal dealing, skin piercing, and zoos. I don't think we have ever licensed a zoo, but we have issued a dangerous wild animal license in the past.

I attended a meeting of Eday's community council and stayed at the island's hostel for the first time. Now we are back to the normal winter ferry timetable, it is no longer so straightforward to travel directly from Sanday to Eday and back (the refit timetable does have some benefits!), so unfortunately I was unable to get over to this year's British Science Association event there.

At the Education, Leisure & Housing Committee meeting we discussed the National Improvement Framework for Scottish Education and how OIC will support schools to make individual and collective bids to the Attainment Scotland Fund. Regarding the planned expansion in hours of Early Learning & Childcare, we were presented with the results of the parents' questionnaire. I am pleased to report that the Care Inspectorate inspection of the Papdale Halls of Residence is indicating ongoing systematic improvement, with all gradings being either "good" or "very good". I am looking forward to an "excellent" next time. We have (as you may have heard on Radio Orkney) identified two properties in Kirkwall to house Syrian refugees, should any request to come here. It is important not to jump to assumptions about what such families would be like, for example that they will not speak English and will be Muslim. English and French certainly were taught in Syrian schools, and 10% of Syrians are Christian. The Syriac Church broke away from the early Christian church after the First Council of Ephesus in the year 431.

*(continued on next page)*

Now to the mobile library service. In my last *Letter* I wrote about the savings OIC is being forced to make owing to the massive cut in our funding from the Scottish Government, and how we are striving to make these as painless as possible. To do this we are distributing the savings across services, taking a little from each. This is likely to mean a reduction in the frequency of visits by the mobile library van to all areas (including the Mainland). However, we are determined that this should not impact on Isles folks' accessibility to books, so we are exploring ways to make books available locally during the periods between visits by the van. We will be working with communities to facilitate this, and any good (low cost) ideas from Isles' residents would be most welcome. I have my own cunning plan, which for the time being I am keeping under my (sorting) hat.

I have also attended meetings of the Orkney College Management Council, the Constitutional Reform Working Group, and the Monitoring & Audit Committee. I've been to a planning enforcement presentation, I participated in a meeting with representatives of the Department of Culture, Media & Sport on the forthcoming World War I commemorations, I flew up to Shetland for an Orkney & Shetland Valuation Joint Board meeting at the Sumburgh Hotel, and I met Hajime Kitaoka, the Consul General of Japan, in Kirkwall. Our General Meeting of the full Council lasted a mere 4 minutes 10 seconds—that's the sort of meeting I like!

We now have a short recess over Easter.

## **THE TIP OF THE ICEBERG**

By Jenny Stone

It will never cease to amaze me how strong the community spirit is in Stronsay. Folks keep things going, and I don't know how, you just do. Work is busy, never ending, and something will always get in the way of your plans because that's what life does. I chose the title because we never know what goes on underneath any event that is being arranged, unless we are the ones who are doing the organising of it. We see the folk turning up. We eat the food, dance to the music and catch up on the blethers.

And, underneath, there's all we DON'T see. The phone calls, to those who may or may not get back to you. The piles of sandwiches made by those who don't have time to do them, but who somehow crowbar it in among all else that needs doing. The meetings attended; either on a howling black night of horizontal rain when the fireside and a glass of red would be a better option, or on a gorgeous sunset evening when you'd prefer some quality time in the garden.

Then there's the 'bloody nuisance' factors. Just when you need net and phone the most, BT lets you down (again), and as for trying to get a hold of them to get it fixed... (I'll stop there, I can feel the collective blood pressure rising just mentioning it). The appointment in town that must be kept. Of course it's during the refit timetable, and the prospect of 5 hours on the boat has you homesick before you've even left the hoose.

I don't mean to describe it as cheerless drudgery. The meetings are fun; the banter and jokes in between sorting out essentials. The phone calls can be a grand excuse for a yarn with someone you've not spoken to in awhile. Sometimes a trip to the toon is a fine change, if only to make you appreciate home even more than you do already. Making a pot or plate of something tasty is rewarding, especially if you've got a notion folk will enjoy it.

It's the way so many folk are willing to make the sacrifices needed to keep things together. There's no pay for your efforts, and sometimes not much thanks for it either. We kinda take it for granted, and why not? After all, we don't want to think about what goes on behind the scenes, we're just up for a good time after a hard day's work. Nonetheless, even though we do appreciate the time and thought that goes on underneath the surface of a community event, it's a good opportunity for me to give it expression.

## **THE GLASS PAINTER!**

By Ellie from Newfield

He's been again to my window!  
Showing off his talented skills.  
Those intricate lacy patterns  
In the finest of delicate frills.  
He visits on the coldest nights  
While I am tucked up tight.  
Jack frost, my invisible artist  
Glass painting in the night.  
Of course there is a unicorn  
And an angel with feathery wings,  
Some tinsel and a Christmas tree,  
All kinds of beautiful things.  
In the finest silver thread  
He spins my dreams for me.  
A glistening, magical scene  
Anything you want to see.  
Then as the day goes by  
Alas, the canvas slowly clears  
As the sun pees out, quite shy,  
The window runs with tears.  
But back he'll come at night  
To a canvas, fresh. To design.  
Continue, please do, your paintings  
For a masterpiece that's divine.

### **SOS CONCERT**

On Saturday 12<sup>th</sup> March, the Stronsay School SOS fundraising concert took place at Stronsay Community Centre. The school's Lower Primary class gave a fantastic performance of The Gruffalo. Primary pupils also sang their hearts out to Dance to your Daddy (with fiddle accompaniment), Doris' Cheesy Crackers (with Doris' very own crackers to accompany!) and The Wee Kirkcudbright Centipede. The audience were also entertained with performances by Stronsay's Silver Darlings, Ingram, Mike & Leah, Simone Kirk, Mike Berger and Bruce Fletcher, Roger Neville-Smith and the SOS singers. There were refreshments and a raffle during the interval. Erynn and James did a great job of compering the evening and almost £500 has been raised for the school. Heartfelt thanks and a huge well done to everyone involved!

### **THE LIFE AND TIMES OF STRONSAY SCHOOL**

Like all schools, throughout the years, we give our pupils a good grounding in “the three R’s”. Of course, education in the 21<sup>st</sup> century is very different; we want our young people to have a broad education, one that enables them to take their place in the world and become responsible citizens. To do this we hope – and aim – to give them a range of experiences that will equip them for their lives ahead. We are indebted to the Stronsay Development Trust for the support they have given our school. This funding has enabled us to resource a wide range of activities and experiences and the A-Z below will give you some idea of what we are able to offer our pupils with SDT help.

- A athletics coaching.
- B benches for outside, boat fares to sports tournaments.
- C chairs and cushions for the new SfL room.
- D digital cameras and other photographic equipment.
- E entry fees for netball tournaments.
- F Fun 5’z , Firm Foundations Kit.
- G gardening tools.
- H history and geography study guides, a heavy duty stapler for heavy duty stapling!

- J journeys to sports tournaments with other schools.
- K kits for a sensory garden.
- L laptops for use in school and by the Fire Service.
- M music theory classes for the community.
- N netball coaching.
- O oval alphabet rug for our new SfL room.
- P programmable toys.
- Q quite a few spelling and phonics tubs.
- R reading pods for the library.
- S social subjects resources and software for programmable toys.
- T travel to attend the Eco bus, Kirkwall Library and The Pier Arts Centre.
- U upholstered chairs for the new SfL room.
- V variety of role play toys for Lower Primary.
- W water play kit.
- X eXtra sports coaching for the North Isles Sports.
- Y Youth 16 no pedal balance bikes.

### **ORKNEY HEALTH AND CARE**

#### **Care at Home**

##### **Relief Islands Home Carer – Stronsay**

Orkney Health and Care's Home Care Service is an essential front line service providing care and support for vulnerable individuals enabling them to live as independently in their own home for as long as is possible. We do this by using a Reablement approach where we do things with people rather than doing things for people. The type of support we provide is individualised and tasks we undertake include meal preparation, medication assistance, and personal care such as showering or bathing.

As a relief carer you will hopefully have previous experience of working in Social Care; however we will provide on-going training to develop and maintain your skills. You will enjoy responsible, challenging, varied and rewarding work as part of our team and will receive excellent support from our teams of Social Care Co-ordinators and Home Care Organisers. You will need the sort of personality that enjoys interacting with people and making a difference to their lives. If you are motivated, caring, honest, have a true desire to 'work with' people then this could be the job for you.

You must be willing to work anywhere within the island on which you live so your own transport is essential. A mileage allowance is payable for work related journeys.

These posts are subject to PVG Scheme Protected Adults.

Please apply online at [myjobscotland.gov.uk](http://myjobscotland.gov.uk) quoting ref: number ORK00496 or alternatively contact Customer Services on 01856 873535 to request an application form quoting the same number.

### **STRONSAY BOOKWORM NEWS**

We met at Odiness to discuss “The Mermaid Bride and other Orkney Folk Tales” by Tom Muir. While we all enjoyed the stories, we agreed that there was, inevitably, much repetition as different islands had similar tales to tell. We discussed the difference between Orkney and Shetland folklore and that it was important to keep this aspect of our culture alive.

- April 21st “The Lady in the Van” by Alan Bennett. Barbara will supply copies of the story (616305). Meet at Barbara’s, School Brae, 7.30pm NB change of venue
- May 19th “The Girl on the Train” Paula Hawkins. Venue to be confirmed. Usual time.

We were amused to see that women and modes of transport are overly represented in these titles!

We are a friendly bunch. Not everybody comes to every meeting so the size and make up of the group changes every month. Everybody is welcome whether they’ve read the books or not. Just turn up!

### **ACCESS TO STRONSAY SCHOOL**

There is still no access to school via the main door or front playground due to the building of our new entrance area. Everyone will access the school building through the North Door (beside HLC) for the duration of the building work. The school office will be situated adjacent to the North Door. There will be a dropping off/collecting point for parents/visitors in front of Science lab/History room where the flower planters are. Parents are asked not to park in the area in front of HLC to allow buses to have access in and out of the school. Barriers are to be installed to separate buses from pedestrians. Thanks in advance for your co-operation during this period.
